

SUMMER INTERNSHIP DTSE CZ

Deutsche Telekom Services Europe Czech Republic is a subsidiary and internal service provider of the Deutsche Telekom group; with headquarter in Bonn, Germany. After years of continuous growth, we reached a European footprint, being present in four countries. We built up a center of excellence where different areas of expertise meet innovation and creativity. We work in a highly dynamic and international environment; our people enjoy opportunities to learn, develop and grow, in hard skills as well as soft skills, helping them as individual and as leaders.

Data Analytics Team analyses end-to-end process flows in any system (e.g. SAP) based on the digital footprints and makes them visual and reportable in real time on big data level. We offer completely new insights and reporting/steering capabilities. We shape the future through big Data analysis. For our Team, we are looking for 2 Summer Interns for a period of 3 months, with start date: 1th of June or 1th of July 2018.

What you will learn:

- Design and execution of diverse Analyses in Procure-to-pay (Procurement area of Deutsche Telekom)
- Development of data models (data model design, SQL Scripts)
- Project management support
- Visualization of Process related Data with SAP Process Mining by Celonis or other modern tools

Who you are:

- Enrolled in a Bachelor or Master Degree Program in Economics, Management or IT
- Fluent English, German is optional but advantage
- Eager to learn from experts from around the world
- Passionate for Big Data and Business Intelligence
- Able to think analytically

Our Offer:

- Paid summer Internship in an international environment
- Refreshment (coffee and fruits available in the office)
- Gain experience through real life projects
- Access to Learning and Personal Development HUB
- Friendly environment
- Mentorship Program
- Company Events

Interested in shaping the future of Data Analytics and make an impact? Send your Cv to Mrs. Barbora Javorová, at Barbora.Javorova@telekom.com We look forward to your application!

If you know someone who could be interested, feel free to share this opportunity!

Based on your application to this position personal data in your CV and other personal data provided by you or gained during the recruiting process will be processed by Deutsche Telekom Services Europe Czech Republic s.r.o., identification no.: 05507278, registered office: Holandská 859/3, Štýřice, 639 00 Brno, e-mail: recruiting@dtse.cz (hereinafter 'DTSE CZ') as controller, for the purpose of selection of the candidate most suitable for the position as legitimate interest of DTSE CZ. You have no legal obligation to provide your data to us or participate in the recruiting process. Your data will be stored for the period of 30 days after the end of recruiting process. During the recruiting process your data will be processed by DTSE CZ employees both in electronic and paper form and can be shared with other companies within the Deutsche Telekom AG Group and affiliate companies, exclusively within EU. Due to the nature of the job and international collaboration within the company, Deutsche Telekom AG employees can even participate in the recruiting process. You have right to information about data we and our partners process and explanation about processing your personal data. You can also ask us to let you gain access to your data, to correct, update or amend your data or to block or erase your data ("right to be forgotten"). You can object to processing of your data and you can demand data portability to another controller. In case you will have doubts about our way of processing your data, you can contact us, our DPO Pavel Jireček at our registered office on aforementioned address or e-mail: FMB_DTSE_CZ_Compliance_Data_Privacy_Security01@telekom.com, or refer to The Office for Personal Data Protection to lodge a complaint.
