ASSESSMENT OF THESIS: (always add verbal comments)

1. **COMPLIANCE WITH REQUIRED ASSIGNMENT:**

Thesis complies with required assignment, goals of the thesis and research questions are deduced in a logical and correct way. The data acquired by empirical research are correctly interpreted and meaningful conclusions stated.

2. **WORK WITH ACADEMIC LITERATURE:**

Author uses references according to the standards of academic writing. The number of references is sufficient, author quotes current research studies.

3. **CONTENT LEVEL OF WORK:**

The theoretical part summarizes current research on the problematics of bullying and cyber-bullying. In the empirical part author conducted combination of quantitative and qualitative research, the data were collected by questionnaires and individual interviews. Author shows good insight into methods of scientific research. The data are analyzed in logical and consistent way.

4. **FORMAL LAYOUT:**

Formal layout of the thesis corresponds with requirements layed on bachelor theses. One formal aspect of the thesis that draws its overall quality down is absence of colours in the graphs. It takes a lot of effort to be able to interpret the results, when the graphs are printed in the shades of gray.

5. **COOPERATION WITH SUPERVISOR:**

Author consulted the thesis with supervisor regularly and followed his suggestions.

SPECIFIC REMARKS AND COMMENTS ABOUT THE THESIS:

Overall quality of the thesis is despite absence of colors in figures good and it corresponds with requirements layed on bachelor theses.

Questions:

1. If You had to conduct the same research again what would You have done differently (in terms of research design, methods, research sample, research procedures, data analysis)?

2. What way would You continue with this research, for example for Your Master thesis (again in terms of goal of research, research design, etc.)?
