**TYPE OF DIPLOMA WORK:** applied

**ASSESSMENT OF THESIS:** (always add verbal comments)

1. COMPLIANCE WITH REQUIRED ASSIGNMENT:

The bachelor thesis meets the requirements and aims stated in the assignment.

2. WORK WITH ACADEMIC LITERATURE:

The theoretical part covers majority of relevant areas, the author proves good knowledge of the chosen topic. The author uses citing and referencing in appropriate manner.

3. CONTENT LEVEL OF WORK:

The work is original and beneficial as there is a lack of research done on current preschooling system. With her topic focused on analysis of the preschool system in Brno the author focuses on state nursery schools only. I would recommend to include data on state owned creches and private nursery schools or day care facilities too as they both address the topic.

4. FORMAL LAYOUT:

The formal layout is clear and structured. My major criticism is to informal language used and to a rather large number of grammar and spelling mistakes in the text. For example, on the first page (p. 8) there are 11 (!) errors.

**SPECIFIC REMARKS AND COMMENTS ABOUT THE THESIS:**

How many state owned creches are registered in Brno?

How many private day care facilities are available in Brno (including company nurseries) at the moment?

**DEFENSE OF THESIS:** recommended

**FINAL CLASSIFICATION PROPOSAL:** C
